ESCAPE TO PARADISE

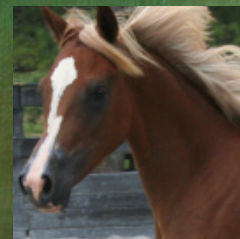

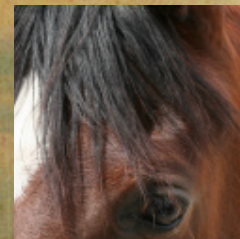

Paradise Cay is a place where visitors come face to face with their dreams and learn how to make them reality. A pastoral setting in the deep South, it epitomizes a unique blending of worlds—where rocking chairs on a wraparound porch afford a breathtaking view of members of the most ancient and beautiful breed of horses in the world. Its owners established the farm as a place to better know, love, and breed Straight Egyptian Arabian horses, and as a place of discovery to help others build their dreams with this amazing breed.

WELCOME

We invite you to plan your escape to Paradise Cay! Join us poolside for a southern-style lunch and let us share with you how Straight Egyptian Arabians have enriched our lives. We love entertaining, making new friends, and personally invite you to stop by anytime. You're always welcome!

ABOUT OUR FARM

An island setting in the middle of the country, Paradise Cay Arabians welcomes visitors from around the world to enjoy southern hospitality and be introduced to the rare, treasured Egyptian Arabian horses. Farm owners Bill and Cheryl Corcoran have created a peaceful family farm in Blythewood, South Carolina, conveniently located near Charlotte and Columbia. The Corcorans have built their lives around raising and caring for their horses as well as those of their clients, and enjoy educating and assisting newcomers in achieving success with their breeding programs. A lifelong love affair with horses has culminated in the Corcorans' commitment to protecting and sharing one of the rarest, most pure and valuable breeds of horse anywhere in the world.

OUR HORSES

Paradise Cay is home to an elite Straight Egyptian Arabian Bloodline whose pedigree can be traced back to those cherished and bred by the nomadic Bedouins of ancient Arabia. Numbering less than 6,000 worldwide, their graceful beauty is only matched by their inherent love for people, and their intelligence which are hallmarks of their ancestry. Raised in a serene atmosphere, mares and foals at Paradise Cay receive much personal attention where they thrive and remind us that we are part of a legacy forged in the sands of the desert and gifted to us as the fulfillment of our dreams.
