

GO INTO ALL THE WORLD

We are working with indigenous partners in the following countries to spread the love of Jesus Christ and empower better living:

- Mexico
- Peru
- Bolivia
- Brazil
- Nicaragua
- Honduras
- Kenya
- Zimbabwe
- India
- Costa Rica
- Canada
- Colombia

AND JESUS SAID

GO

INTO ALL THE WORLD AND MAKE
DISCIPLES OF ALL THE NATIONS

INTERNATIONAL

WE

are a team filled with dedicated missionaries serving God here and beyond. We are professors, doctors, teachers, musicians, pastors and more.

YOU

are critical to our ministry across the world. How can you help?

GOOD

GOD

PRAY for us, our staff and our work

GO with us on a short or long-term trip

INVEST financially in our ministry. Even small gifts make a big impact.

INTERNATIONAL

At Go International, we are different because we approach short term missions through long-term partnerships. We build strong, sustainable relationships that help foreign countries, improve quality of life, spread the Gospel of Jesus Christ and change lives. Both theirs and yours. Our objective is empowerment. Together, we accomplish good across the globe. We build churches. We distribute Bibles. We educate. We provide medical help. We meet the needs of people across the world as we share God's hope with them.

beagn in 1967 when our founder, Maurice Stevens, went to Haiti and was forever changed. He started GO InterNational with a burning passion to move people "from the breakfast table to the ends of the earth and back again." Now, over 40 years later, GO InterNational is still changing lives through short term missions – not only in the places we go, but also in the people we send. Today, we work in 12 countries on 3 continents and with over 500 people. We take 40 trips a year across the world to reach thousands of lives for Jesus.

Our projects include:

- Church planting and evangelism
- Leadership training for pastors, church planters, teachers, etc.
- Children Ministries
- Economic development
- Eliminating human trafficking
- Short-term service and ministry teams
