LEGENDS—
others
become
them

We welcome you to visit us any time. Get away from the stress and bustle of life, lean against a fence post, and feed a carrot to an appreciative new friend. Bring your family, best friend, your kids, or your grandkids for a memorable day of magic. Bring your spirit of adventure and a big appetite, and drop by anytime. Bring your dreams, your camera, and your imagination, and make some memories that will last a lifetime.

welcome to *Paradise Arabians*

*I*t's something that has grabbed you all your life. It started as a childhood dream, but the dream never faded, lingering somewhere in your mind and heart. The smells. The sights. The sounds. The thrill. Here in Paradise, we do what we do just to see the look in someone's eye when that spark, that passion, is reignited once again, when they realize their long-held dreams can come true.

*M*ore than a mere hobby, Paradise teaches its clients that their dream can be financially rewarding as well. "It's an investment you can hug," says co-owner Wanda Kenworthy.

At Paradise, we're experts in the highest standards of care, training, showing, foaling, and sales, but our true joy comes from the family we've created. Co-owners Gary and Wanda Kenworthy work closely with son Matt and daughter-in-law Misty to create Paradise's unique blend of expertise, but our family is much bigger than that.

One of the biggest draws of our business is the atmosphere that allows us to call our clients our closest friends. Our client meetings take place over a cup of coffee and a hot lunch on our 300-acre farm overlooking the rolling hills. We are entrusted with the stewardship of over 100 spectacular Egyptian Arabians, and it is our greatest privilege to share them with others who come down our narrow country lane.

Welcome to Paradise.
